

Summary

- 8 years of experience leading teams on large Google systems (Persistent Disk, Spanner).
- Fast learner from New Grad to Staff Software Engineer in 7 years while working at Google.
- MSc. in Computer Science from Georgia Tech, MEng. in Electrical and Computer Engineering from Supélec.

Professional Experience

GOOGLE

Kirkland, WA, USA

Staff Software Engineer – Technical Infrastructure, Spanner

Dec. 2025 – Present

- Technical Lead of Spanner Lookups, which consists of Reads (main API with 4B QPS) and CRUD SQL queries.
- Research & implementation of further latency and cost optimizations in an already very well optimized code path.

Senior Software Engineer – Google Cloud Platform, Persistent Disk

Aug. 2018 – Dec. 2025

- Technical Lead of the disk optimization backend, byte efficiency efforts, and on-disk format.
- Main inventor of Patent No. US 12,417,016: compactions for instant snapshots that preserve block deduplication.
- Enabled write-through caching to reduce latency of read-modify-write requests for 16 kiB disks used by Cloud SQL.

Software Engineering Intern – Assistant, Android TV

Jan. 2017 – Apr. 2017

- Designed and implemented a messaging infrastructure between *Assistant Server* and *Android TV* (C++, Java).
- Integrated this infrastructure as a preferred alternative to *Cast*, to be used for major media queries on *Android TV*.
- Enabled launching native apps, including *YouTube* and *Netflix*, from a query to *Google Home*.

THOMSON REUTERS

London, UK

Software Developer Intern, Technology, Eikon Financial Analysis

Jul. 2016 – Aug. 2016

- Implemented a module to replace error messages for unauthorized content with a list of available products (*Polymer*).
- Built demo apps to introduce the feature to customers (*Node.js*, *Neo4j*, *Python* and *Mocha/Chai* for unit tests).
- My work has been shown to James Smith, CEO of Thomson Reuters, and won an internal innovation contest.

INSTRUCTOR LIVE

London, UK

Full-Stack Developer Intern

Jun. 2015 – Aug. 2015

- Developed a new video player for the *Android* and *Samsung Smart TV* apps, supporting a new content provider.
- Implemented a new user type on the webserver that integrates the new business model on the back-end logic.
- Designed a workout planner and a calendar module for the front-end, encouraging subscriptions (*Angular.js*).

Education

GEORGIA INSTITUTE OF TECHNOLOGY

Atlanta, GA, USA

Master of Science in Computer Science

Aug. 2016 – May. 2018

- Graduate Research Assistantship and Master's Thesis with Dr. Jimeng Sun:
Labeling techniques and interpretability of neural networks applied to the classification of seizures from EEGs.
- *Fall 2016*: Analysis of rosbags (*ROS*) with *Hadoop* and *C++* jobs, with Dr. Cédric Pradalier.

GPA: 4.0

SUPÉLEC

Metz, FRA

Master of Engineering in Electrical and Computer Engineering

Sep. 2014 – Jul. 2018

- Bachelor of Science earned in 2016.
- Master of Engineering earned with graduation from Georgia Tech in 2018.

GPA: 3.9

LYCÉE PIERRE CORNEILLE

Rouen, FRA

Preparatory Classes – Passed entry exam to Grandes Ecoles

Sep. 2012 – Jun. 2014

- Advanced maths, physics and chemistry.

Rank: 1/45

Projects

DIGITAL ART GALLERY PLATFORM FOR BTL MEDIA

Seattle, WA, USA

Supporting my wife's artistic endeavours

Mar. 2026 – current

- Gallery & exhibition management software, with an AI-native codebase (*Angular SPA*, *Node.js* server).

BRAIN-COMPUTER INTERFACE

Metz, FRA

Research at Supélec

Nov. 2015 – Jun. 2016

- Led a research group developing real-time classification of EEG signals (ML, DSP, C++).
- Achieved 70% accuracy for simple hand gestures and used it to remotely control a robot (*ROS*).

MISCELLANEOUS

Other personal projects I am still proud of

Circa 2015

- *DigitScanner*: implemented a neural network from scratch, achieving 98.24% accuracy on MNIST.
- *FFTOcean*: implemented the FFT algorithm for the real-time simulation of ocean water (C++, OpenGL).

Skills & Interests

Languages: C++, Python, Java, Javascript, English, French, Spanish **Interests:** Paragliding, SCUBA Diving, and Cats
